--	--	--

Parents are welcome to come at 12:30 p.m. and help dress their child(ren) for the costume parade.

**If you would like your child's picture re-taken, please remove the class photo from the envelope and send all other pictures back to school. A new portrait will be taken on the make-up day (Wednesday, November 11). If you have any questions, please contact Bonnie at Splendid Portraits 800-230-4602, ext. 2114 or 703-237-8067, ext. 114.**

If you enjoy trick-or-treating with your children in the town of Middleburg, please consider bringing a couple of bags of candy to the front desk of Hill School before Halloween. It will be distributed to the Hill teachers who live in town and open their doors to the hundreds of children (many our own) who flock to Middleburg to celebrate. It is a small way that we can thank and help them for the big job they do in making it a fun evening for our children.

Thank you to all the parents who helped with the teachers' lunch on Parent/Teacher Conference Day. The teachers really appreciated it and the food was delicious!!

The daffodil bulbs have arrived and are ready for pick-up. Orders will be bagged and tagged at the back corner of the gym by the school buses, to the right of the art building. Thank you for supporting the 4th Grade!

November Lunch Forms are due, **Tomorrow, Friday, October 23.**

## Halloween Treats

Halloween is a fun time of year for children - dressing up, spooky and festive decorations, and of course...candy! For kids with food allergies, though, (and their parents) the onslaught of candy can be stressful and honestly dangerous for some. Being the mom of a child with a nut allergy, I am becoming more and more aware of how some of the most common allergens hide in the most unexpected places. So as you prepare to purchase your Trick-or-Treat goodies to hand out, or if you are a parent of a child with food allergies, here are a very few of the more common candies and their allergens. For more information, please visit the manufacturers' websites and/or check out this great list from **Wegmans** of their *2015 Halloween Candy Allergens*: <http://www.wegmans.com/pdf/halloweenAllergens.pdf>. Please also be aware that ingredients and formulas are always changing so be sure to check labels every year to be up to date.

- Tootsie Roll Pops: milk and soy
- Skittles Original Fun Size: egg, milk, and soy
- Hershey's Reese's Pieces: peanut, tree nut, egg, milk, and soy
- Reese's Peanut Butter Snack Size: peanut, tree nut, egg, milk, and soy
- Junior Mints: milk and soy
- Starburst: egg, milk, and soy

So what can you do to help those children with food allergies?

1. Hand out non-food items (pencils, spider rings, bubbles, crayons, etc.), even if they are in addition to your regular candy selection.
2. Clearly label which candies have allergens so that other items may be selected.
3. Offer plenty of allergen-free candy options (Ring Pops, Smarties, Disney Family Favorites Lollipops, YumEarth Lollipops or Gummy Bears, or many varieties of Fruit Strips).
4. Go Teal! Join the **Teal Pumpkin Project** - this national campaign encourages parents to offer non-food related treats for children with food allergies. Placing a teal pumpkin on your porch shows Trick-or-Treaters that you have allergy-safe goodies to share.

Happy Halloween!!

\*Nutrition Nuggets is intended to provide information and ideas on health and nutrition topics. Please remember that any major changes in lifestyle or diet should first be discussed with your physician.

## *Did You Know?*

Miniature forms of some of our favorite Halloween candy do NOT include a list of ingredients or allergens on the individual packages. This information can be found on the larger package (i.e. the big bag the mini's come in). Please be sure to read this information carefully so that you can share it with your Trick-or-Treaters ☺
