Our littlest donors have given us not one, but two special treasures! Here, the perfect mix of form and function! The Junior Kindergarten children have created a piece of artwork that they can not only treasure, but actually use! The children's hand prints have been expertly transformed into animals and transferred onto ceramic tiles. The ceramic tiles were then mounted to frame a mirror. The tiles and frame are a vivid white with pops of brilliantly-colored animals. Your children will love seeing themselves in a mirror they helped create!

506. A PEACEFUL GARDEN SANCTUARY

A perfect garden sanctuary just for you! Your sanctuary includes a beautiful, hand cut birdhouse, "The Divine" crafted with care from wood found on the banks of the Potomac River. The overall design of this creation was inspired by the artist's, Kostas Kreations, passion for European Architecture. Its shiny copper roof and copper patina ridge cap pop in contrast to the antique glazed white of the structure. This piece can be proudly displayed in your home or placed outside. Know, however, that if placed outdoors, the finish will need to be attended to after a few years-just like the paint on your home. Enjoy this elegant birdhouse while sitting on this magnificently designed antique 6' teak garden bench. This bench was beautifully crafted in Europe during the 1920's. And to finish your sanctuary, we have two Yoshimo, 6'-8', Cherry Trees. They are a fragrantly spring flowering tree, blooming in pale pink petal clusters. These trees are a wonderful source of food for many small birds. And speaking of birds, we have a decorative brass hose bib of a bird in flight.

YOUR SANCTUARY INCLUDES:

- **"The Divine" Birdhouse**
- **An Antique Teak Garden Bench**
- **Two Yoshimo Cherry Trees**
