Conversation Starters

Tell me about Renee Descartes the philosopher who had a fly on the ceiling. What was his problem? How did he solve it? (He developed the Cartesian Coordinate System. We read a fictional account of how he could have come up with the idea for coordinates.)

Good to Note

Tuesday at the Holiday Performance your child will be singing in front of the whole school. **Festive dress/party clothes** is the most appropriate attire.

Immediately following the holiday program (around noon), **dismissal will be from the classroom**. When you pick up your child, you must let a teacher know.

Please **review parking lot safety** with your child. On special days such as tomorrow, excitement runs high, routine is thrown off and children need to be reminded how to be safe. (Look both ways, stay with an adult, don't run...)

On Monday your child's sports shoes will be sent home to be washed. It is a good idea to see if they still fit. Every child will **need to have sports shoes again in January**.

If your child will not be at school on Tuesday, LET US KNOW SO WE CAN SEND HOME THEIR PRESENTS FOR YOU.

Star Student

Charlie has many interests: electric guitar, legos, arts and crafts, skiing, Weblos, and lots more!

Upcoming Star Students

Luke---Jan. 9

Thomas---Jan. 17

Chloe---Jan. 23

Elizabeth M. ---Jan. 30

Brooks---Feb. 6

Shea---Feb. 13

Elizabeth W.---Feb. 20

Trey---Feb. 27
