HEALTH ALERT

Hand-Foot-Mouth Disease

Please note that we have had some cases of hand-foot-and-mouth disease at school. It is a mild viral infection usually caused by a coxsackievirus. It is highly contagious. Please check https://www.mayoclinic.org/diseases-conditions/hand-foot-and-mouth-disease/symptoms-causes/syc-20353035 for more information.

Reminder: a child with an above normal temperature needs to be completely fever-free for at least 24 hours before returning to school. Particularly, if a sibling was diagnosed with HFMD, and your child runs a low-grade fever, it is most important that these 24 fever-free hours be observed, as children can spread the virus easily, even if they don't have symptoms.

Thank you, Silvia Fleming
