

Kindergarten Classroom Connection

October 3, 2019

Wow! Today is the 21st day of Kindergarten, and we have already had two field trips, Back to School Night and a Science Lab. It looks like we are off to a good start.

Cate and I enjoyed seeing so many of you last Thursday night for Back to School Night. Then on Friday, Mr. Barreda and Mrs. Anderson lead us on a Place Based Education Science Lab. We played a game where Mr. Barreda was the eagle, and the kids were mice. They hid in a small area outside, and he had to spy them with his eagle eyes. It was adorable :) Then we broke into four groups and had a nature scavenger hunt ending with using our treasure to make fairy houses. The afternoon was a success, and the children had a wonderful time. Thank you, Mr. Barreda and Mrs. Anderson.

Yesterday was our field trip to the pumpkin patch, and despite horrible heat, we all found beautiful pumpkins and had a great time. Today we spent some time journaling about our trip. Thank you to all the moms, dads and grandparents who went with us.

In reading, we are continuing to review phonics and learn some red words (sight words). We are also enjoying read alouds and asking questions to enrich comprehension and sequence.

During math workshop, we have been working on recognizing and writing numbers 1 - 5. We will continue to review these numbers as well as learn to count and manipulate numbers under 10.

Tidbits and Reminders

- No School Next Monday, October 7th -Teacher Professional Day
- Parent Teacher Conferences and Fall Holiday, October 17th and 18th.
